On Your Way Down

Trombone Shorty

Sunrise and sunset
Since the beginning, it hasn't changed yet
I say some people fly high begin to lose sight
You can't see very clear when you're in flight
Well it's high time
That you find
The same people you misuse on your way up
You might meet on your way down
You think the sun rise and set for you
The same sun rise, set, and shine on the poor folks too
But I don't mind, you're turning around
I myself would like a little higher ground
Well it's high time
That you found
The same people you walk all on your way up
You might meet on your way down
On your way (Down, down, down) x3
She's so fine, and her Mercedes is cool
It's your thing, It's your thing, it pleases you
You got to frown, when you cross town
You think it's an honor just to have you 'round
Well it's high time
That you find
The same dudes you misuse on your way up
You might meet on your way down
