

# SNAPCHAT (ChopNotSlop Remix) [feat. Wiz Khalifa]

Young Deji & DJ Slim K

[Music]Just give me your heart and I'll take it away  
You can x on my x's, I really don't play with this love shit  
If I go out I turn up the function  
Yeah, he a blogger but still my little cousin  
Met the right plug and my patch start buzzin'  
They were just talkin' down, I was standin' down  
Now look how we buzzin', ain't doin' no stunt  
Wonder why niggas think I got a problem but they don't even know me
