

# Dangerous Ground (feat. Prince Royce)

## Sean Paul

So we do it like dis  
Upon di girl I'mma throw dem tips  
So we do it like dis  
Upon di girl I'mma throw dem tips(Sean Paul)  
She got the body of a goddess, sexiness to impress  
Ties on di chest and di dance  
So if I bless, she gimme warm clitoris  
Give her love in excess, all night she a flex  
Full court ples, give her di best  
Fill her with plentiness oh yes  
Girl I'll be your happiness  
Say no other man contest  
I'll take away your loneliness  
Only ting we be bomb you a mess around  
Bust buckle then blaze then take her on  
Up I take it the gigs and turn around  
Let light, she feels her danger zone  
She said mikuda never get it like dat  
She not a girl like dat  
Same time you fuck me and pon di love me  
I tell her, I said baby do it like dat  
(Prince Royce & Sean Paul)  
Cause she said this is dangerous ground  
That you're walkin on (danger danger danger)

Tell her forgive me and run away

Girl show me a sign that you're feelin me  
Let me know that there is a possibility  
The way you shake and thret and turn it up  
Wind them bubble, can't get enough  
Make me feel like I'm high, like I'm burning up  
Don't know if dem a wind come hurry it up  
Long time in my world, come stir it up

When you gon be my dirty love?
