She Can Get It

Kevin Rudolf

Yeah she don't stop
She working' it all about
She moves it around the clock
And she can get it, sh-sh-she can get it
don't quit, the way that she moves it
she's making me lose my grip
And she can get it, sh-sh-she can g-g-get itShe knows just what she likes
No matter what the price
She got me hurtin' bad,
perfect tan, working' out
Looks like a million cash, well
let me fill your glass
And there was money in the bed
Yeah she don't stop
She working' it all about
She moves it around the clock
And she can get it, sh-sh-she can get it
don't quit, the way that she moves it
she's making me lose my grip
And she can get it, sh-sh-she can g-g-get itShe puts in overtime
And on those slow grinds
She gets a hustle of lupatans, buckle up
But I got that attitude
She got the right moves
Lets put the working' baby, up
and down the avenue
Yeah she don't stop
She working' it all about
She moves it around the clock
And she can get it, sh-sh-she can get it
don't quit, the way that she moves it
she's making me lose my grip
And she can get it, sh-sh-she can g-g-get itT-t-turn around and cut u in a blink of an eye
Yeah you know she always get what
she wants (HELL YEAH)
And yeah it's so amazing how
she's putting me down
Is this love, is this love, is this love? (huh)Yeah she don't stop
She working' it all about
She moves it around the clock
And she can get it, sh-sh-she can get it
don't quit, the way that she moves it

she's making me lose my grip
And she can get it, sh-sh-she can g-g-get itYeah she don't stop
She working' it all about
She moves it around the clock
And she can get it, sh-sh-she can get it
don't quit, the way that she moves it
she's making me lose my grip
And she can get it, sh-sh-she can g-g-get itYeah she don't stop (Ohhh)
Just don't stop (Ohhh)
G-g-g-g-get it
