Painkiller

Freestylers

Ah-uh, ah-uh
Jeah, jeah, jeah
Lets it go
Ah-uh, ah-uh
C'mon, ah-uh, ah-uh
Lets it goPainkiller, oh, uh, uh
Ah-uh, ah-uh
Ah-uh, ah-uhJeah, lets it go
Ah-uh, ah-uh
Painkiller, killer, killer, killer, killer, killerI'm reaching in my cupboard for a painkiller
Ah-uh, ah-uh, for a painkiller, killer, killer
You see, we work hard, play hard
Man, I gotta stay charged
Can't sleep, tired out
Trouble on my radar
Runnin' 'round live wireHad anotha Red Bull
Everybody's burnin', baby
Let me come and get a pull
Isn't it incredible
That I'm even still awake?
Still alive, still I take
Poison that debilitatesFuck a little line
We can go ahead and kill a K
Livin' in the killer's state
Maybe that's a good excuse
See me taking shots at the bar
Like I'm bulletproof
Now my belly full of juice
I'm walking every day with a
Bruised lip, battered eye
Beat up stained liverAh-uh, ah-uh
I'm reaching in my cupboard for a painkiller
Uh, uh, uh, I need another painkiller
Uh, reaching in my cupboard for a painkiller
Uh, uh, uh, uh, I need another painkillerThey call it painkiller, lets it go painkiller
Uh, uh, uh, I need anotha painkiller
Uh, reaching in my cupboard for a painkiller
Uh, uh, uh, I need another painkiller
They call it painkiller, lets it goYou thought you could take it out
But the world collapse
And you can't see out of it now
You go crazy, babyNow we live fast, die young

Wish I never tried none
Saturated chemical
But I don't wanna die mum
Maybe you could try someNo point wasting it
First it was a little bit
But now I got my face in it
Run around chasin' itEverything is so hot
Everybody's screw faced
Looking like so raw
Pressure and it won't stop
Pushing up my heart rate
Arguments and attitude
Mate, you don't wanna start meListen man, I can't wait
Now I got a closed fist
Woke up shivering and
Swimming in my own piss
It's just my own risk
A real brain splittaAh-uh, ah-uh
