# Something 'Bout You

## Sir Rosevelt

You ain't even trying
But everything stops when you walk in a room Tell me how you do it
You make me wanna fall just looking at youThe sound of your voice and the touch of your skin
Sending chills up my spine
The taste of your lips and the spell of your kiss
I can't denyThere's something 'bout you, you
And all the little things that you do, do
Girl I can't explain it
No matter how hard I try to put my
finger on it There's just something 'bout you
Something 'bout you, you
Got me feeling something brand new
Ooo, I think I'm going crazy
It's more than just your mind
It's more than just your body, babe
There's just something 'bout youCaught up in the moment
Lost in the way that you're looking at me
You don't even know it
If you could only see what you're doing to meThe sound of your voice and the touch of your skin
Sending chills up my spine
The taste of your lips and the spell of your kiss
I can't deny
There's something 'bout you, you
And all the little things that you do, do
Girl I can't explain it
No matter how hard I try to put my
finger on it There's just something 'bout youSomething 'bout you, you
Got me feeling something brand new
Ooo, I think I'm going crazy
It's more than just your mind
It's more than just your body, babe
There's just something 'bout youMaybe it's the way that you touch me
Maybe it's the way that you look
tonight Something that I can't understand
But I know I can't live without, live withoutThere's something 'bout you, you
And all the little things that you do, do
Girl I can't explain it
No matter how hard I try to put my
finger on it There's just something 'bout youSomething 'bout you, you
Got me feeling something brand new
Ooo, I think I'm going crazy

It's more than just your mind
It's more than just your body, babe
There's just something 'bout you
Oooh
Just something 'bout you, baby
Oooh
