Back Out (feat. Ty Dolla $ign & DOM KENNEDY)

24hrs

[Chorus: 24hrs]
Pussy taste good like a peppermint
Two black trucks, left 'em peppermint
Strip club night, pull them racks out
If you a bad lil' bitch, poke the back out
Back out
Bad lil' bitch, poke the back out
Back out, back out[Verse 1: 24hrs]
Competition, who can make the back move?
Go against the gang, that's a bad move
You a lil' bitch with an attitude
Met at Café Gratitude
Take a picture, post it up for Fashion Nova
She just wanna drink, she ain't never sober
Moncler bubble with Chanel frames
Brand new crib, got Chanel frames
Put your best friend on your boomerang
Put your best friend on your boomerang
This a hundred racks, it ain't running out
This a hundred racks, it ain't running out
[Chorus: 24hrs]
Pussy taste good like a peppermint
Two black trucks, left 'em peppermint
Strip club night, pull them racks out
If you a bad lil' bitch, poke the back out
Back out
Bad lil' bitch, poke the back out
Back out, back out[Verse 2: Ty Dolla $ign]
Bad lil' bitch, poke her back out
Bust it up before we pull the racks out
Broke lil' boy make me laugh out loud
She from H-town, nigga, that's down south
Two cheek, left cheek, right cheek
It's her birthday, she a Pisces
We just had a threesome with a Gemini
She ain't my girl, she a friend of mine
Sold out my show, that bitch hella packed
I fucked again, now she so attached
She want me, it's gon' take more than that
Make it look good, girl, go'n and poke it out

[Chorus: 24hrs]
Pussy taste good like a peppermint
Two black trucks, left 'em peppermint
Strip club night, pull them racks out
If you a bad lil' bitch, poke the back out
Back out
Bad lil' bitch, poke the back out
Back out, back out[Verse 3: Dom Kennedy]
Went from the back to the front row
Into the engine where the trunk go
She heard about them boys out in California
Ran it up once, now I'm in the bonus
Strip club night, pull them racks out
Magnum rosé, what you mad about?
Back out, poke the back out
All I got is cash, no PayPal
Play "I love it when you call me Big Poppa"
Uh, all I got is cash, no PayPal[Chorus: 24hrs & Dom Kennedy]
Pussy taste good like a peppermint (Yeah)
Two black trucks, left 'em peppermint (That's right)
Strip club night, pull them racks out
If you a bad lil' bitch, poke the back out (Uh)
Back out (Uh)
Bad lil' bitch, poke the back out
Back out, back out
Pussy taste good like a peppermint
Two black trucks, left 'em peppermint
Strip club night, pull them racks out
If you a bad lil' bitch, poke the back out
Back out
Bad lil' bitch, poke the back out
Back out, back out
