

Upstarts

Johnny Marr

Oooh, I feel it coming round
I hear it, sounds like the good life
I know
Oooh, I see this running down
Defiance comes, oooh
The underground is overground
The overground will pull you down
It's how it goes in these times
How we know it's in their eyes
Upstarts now are on their way
Upstarts now have to pay
Oooh, I hear us coming round
Denial comes, oooh
The underground is overground
The overground will pull you down
It's how it goes in these times
How we know it's in our eyes
Upstarts now are on their way
Upstarts now have to pay
And hear, they tell it now so fast
Oooh, I hear us coming round
Oooh, I feel it
Upstarts are on their way
