The Prosecutor

The Interrupters

His original name was...He's been around since the dawn of the ages
If you read between the lines when you turn the pages
He feeds off of darkness, lust and greed, pride, sloth, wrath, envy and gluttony
But I cast him out, got the light on my side
I'll be better off without him 'cause I know he lies
He's a snake with a rattle, yeah I've heard that buzz
His original name was The Prosecutor
and he doesn't have a case
He's the prosecutor and he doesn't have a case
Yeah he's a liar, I am water, he is fire
He's the prosecutor and he doesn't have a case
He doesn't work for the county, doesn't work for the state
He only works for his cause and his cause is hate
He doesn't work for the people, no pro bono
From the depths of hell, fallen angel
Now he's probably down on the bottom floor
Waiting for mass shooting or another world war
He's a rotten one, so hold your applause
His original name was The Prosecutor and he doesn't have a case
He's the prosecutor and he doesn't have a case
Yeah he's a liar, I am water, he is fire
He's the prosecutor and he doesn't have a case
la la lalala
la la la la
