

Willy Wonka (feat. Paulina & Jafé)

Russ

Fresh like a breeze in the sona
I can get whatever when i wanna
Tryna get around and be on the
Candy that's around Willy Wonka
I like to go where my body got candy
I don't wanna talk talk right
Everytime we do your hot and cold
You know what it is when the boss in town
It don't really matter cause I got more hoes
But I'm tryna focus on the task at hand
But these spanish chicks gotta hex on me
Im just looking at em' like damn im the man
Make me wanna mmm mm mmm unleash
Fresh like a breeze in the sona
I can get whatever when i wanna
Tryna get around and be on the
Candy that's around Willy Wonka
I like to go where my body got candy
I love to get to know you, love to choose the same two things all the time
But little girl is broken(?)
If you wanna get with me you've gotta move to the way that my hips thrust
I dont fall for the most ones
If it's pain then I love you in the vain but,
Fresh like a breeze in the sona
I can get whatever when i wanna
Tryna get around and be on the
Candy that's around Willy Wonka
I like to go where, my body got candy
Im a cavity to your cavalry of love
Got you spell bound
so sweet, for one on hells hounds
so sugar coat me in your energy
sugar coar me in your energy
Fresh like a breeze in the sona
I can get whatever when i wanna
Tryna get around and be on the
Candy that's around Willy Wonka
I like to go where, my body got candy
