Cigarettes and Perfume (feat. Manicanparty)

OnCue

Ain't been yet, gotta get inside
Cause I feel you created by the curves and the thighs
Not acting like myself
Fuck all the lies
Condoms on the night stand
Im ready to cut tiesLet's stay in this motel for eternity
I don't want maternity
Need to release the fire thats burning me up
Whats in your cup?
Baby if you want
I'll refill it up
All my best friends keep telling to fall back
Sleeping by the phone
Waiting for your call back
Stomach in knots
Nah, it ain't all bad
Gotta be love, if not what you call that?Only got an hour
Everything is time and love
Digging your nails into my back
Your spine hit the rug
Move your thong to your ass cheeks
My palms lift em up
Like the incense and candles for the ambienceWhen I watch you, is it obvious?
The people in the porno like to copy us
Call me after work baby, I'll be up
You better call baby I'll be up
I don't know who I am
But I know where I gotta be
gotta be
gotta be
gotta be
I don't know who you are
But I need you right on top of me
Right on top of meCause its justMe and you
And all I smell in this room is
Cigarettes and perfume
Cigarettes and perfumeMe and you
And all I smell in this room is
Cigarettes and perfume
Cigarettes and perfumeOnly been in once
Gotta get back in
If those walls could talk

They'd start laughing
Chuckling
I was such a fucking fool back then
Now Im trying to get the upperhand
Don't know what happenedCall for the tenth time
Finally picked up
Said what you doing
Have you picked up?Pulled out a cigarette
Half clipped up
Then she hopped in the whip
Had her shit lit upShe said sit up
Do you lay down?
Drive is so crazy
On the freeway nowBack to the room where it all began
I Ain't the old me
I'm a whole new man
I'm a whole new.Look at me
I know the rumors all true
Still convinced
God did brought you
Got you naked
Yeah, I ought to
You're mine baby
You know
I bought youAll those gifts
I need to get inside
Need to feel again
Need to feel alive
Need to feel pain
Need to feel something
Only feel something when I hear you cummingI just wanna be in love, be in love
I don't care about the sex, I just wanna be loved (be loved)I don't know who I am
But I know where I gotta be
gotta be
gotta be
gotta be
I don't know who you are
But I need you right on top of me
Right on top of meCause its justMe and you
And all I smell in this room is
Cigarettes and perfume
Cigarettes and perfumeMe and you
And all I smell in this room is
Cigarettes and perfume
Cigarettes and perfumeI just wanna be in love, be in love
