

Think

James Brown & The Famous Flames

Think, think
About your good things(think think)
About your bad things
(think think)
About the right things
(think think)
About the wrong things
And lady before you leave merealize that I'm the one who loves youThink about the sacrifices
that I made for you.
Think about the hard times that I'm missing you
Think about the good things that I done for you.
Think of all the bad things I tried not to do
Come on sugar and think
(think) about the good things
(think think) about the bad things
(think think) about the right things
(think think) about the wrong things andLady before you leave me realize I'm the one who
loves you.
Instrumental sax solo
Come on sugar and
(think think)
About the good things
(think think)
About the bad things
(think think)
About the right things
(think think)
About the wrong thingsAnd lady before you leave me
realize that I'm the one who loves you.
How much of all your happiness can I really claim.
How many tears have you shed for which I was to blame.
Though I can't remember just what is wrong
I tried so hard to please you,
at least that's what I thought. Come on sugar and
(think think)
About the right things
(think think)
About the wrong things
(think think)
About the bad things
(think think)
About the good things and

Lady before you leave me realize I'm the one who loves you
Lady before you leave me realize I'm the one who loves you
Lady before you leave me realize I'm the one who loves you
