

# Come Over

112

Yikes, you can call me over any hour, any second  
or any minute of the day  
Girl you won't get any hesitation or any waiting  
just say the word I'm on the way  
Anything you need all you gotta do is call  
now you know why I'm gonna give you my all  
What you waiting for, just say  
What you waiting for, just say  
You already know already know when I be coming over  
Girl it's going down until you say it's over  
First thing in the morning when you rolling over  
you gon' tell me baby can we do it over and over and  
over again  
You know you wanna tell me come over  
You know you wanna tell me come over  
You know you wanna tell me come over  
So all you gotta say is come over  
You can call me when you wanting seconds  
it's not a question, any time girl night or day  
Girl you won't get any second guessing,  
I be sexing your body every kind of way  
Anytime you fiending, you ain't gotta have withdrawals  
I'll have you screaming tryin' to climb up the walls  
You already know already know when I be coming over  
Girl it's going down until you say it's over  
First thing in the morning when you rolling over  
you gon' tell me baby can we do it over and over and  
over again  
You know you wanna tell me come over  
You know you wanna tell me come over  
You know you wanna tell me come over  
So all you gotta say is come over  
I just wanna love you, over  
Love you, over  
I just wanna love you crazy  
Won't you call me over baby  
It's not, over  
'til you say it's over baby  
'til I see you tapping out  
I'll work your body up and down  
Stop playing girl, call me over  
I'm tired of playing let me hear you say it

Stop playing girl, call me over  
I'm on my way to you  
You already know already know when I be coming over  
Girl it's going down until you say it's over  
'til you say it's over  
First thing in the morning when you rolling over  
you gon' tell me baby can we do it over and over and  
over again  
You know you wanna tell me come over  
You know you wanna tell me come over  
You know you wanna tell me come over  
So all you gotta say is come over  
Yikes
