People tend to lose it, they see you comin' up
And you were talkin' stupid, you wish you bit your tongue
You blood is burning butane, I know it eats you up
And I just keep it moving, that envy got you stuck (Oh, yeah)
Now we printing money and you drive a Jetta
Ever since I cut you off, I swear that life is better (Ooh)
And ain't nobody believe you, you could say whatever (D)

In a Lambo truck, it's not a panorama
Even though I got the vision and it's fanorama
I grew my vanity out base and made it out Atlanta
But the closest thing to tropic was the Tropicana (Yeah)
Yell it for the guys, pour it for the guys
Tell my dawg 50 on the other side
Pop me one, pop me two, pop me three
