Friends With Benefits

Tory Lanez

I wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me yeah
Fargo
I wanna get them draws from ya
Speedin' from the law for ya
We fuck like friends with benefits
I wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me yeah
Fargo
I wanna get them draws from ya
Speedin' from the law for ya
We fuck like friends with benefits
All night, all night
Put your hands high, hands high
Screamin' fuck them girls, fuck them girls
On the other side, other side
I know that you been
All night, all night
With your hands high, hands high
Screamin' fuck them girls, fuck them girls
On the other side, other sideOoo you gettin' off work late, but it's okay
It's gettin'...
Ooo, you callin' all your friends
To get them ready cause you get...
So many Indica, so much endo smoke
It's hard to breathe
You don't get this turnt, oh not usually
But today
I just landed in M.I.A
And she just fuckin' up a check
Got a nigga she don't got to sweat
It's sad I know, I gotta say
I'm bleeping out, I hit the beach now
From LA I gotta leave now
Just let me pop it 'fore I gotta jet
Girl, you got somethin' I just gotta getI wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me, yeah
Fargo
I wanna get them draws from ya

Speedin' from the law for ya
We fuck like friends with benefitsAll night, all night
Wishing inside, inside
Screamin' fuck them girls, fuck them girls
On the other side, other side
I know that you've been all night, all night
Wishing inside, inside
Screamin' fuck them girls, fuck them girls
On the other side, other sideOoo you always get me lit, that late, late night
Cause you get... yeah, how you
Leave the house party without your friends
Just to get...
So many Indica, so much endo smoke
I'm tryna rage
Said I got this feelin', and this shit feel great
So fuck what they sayI just landed in M.I.A
And she just fuckin' up a check
Got a nigga she don't got to sweat
It's sad I know, I gotta say
I'm bleeping out, I hit the beach now
From LA I gotta leave now
Just let me pop it 'fore I gotta jet
Girl, you got somethin' I just gotta getI can't just let you go
You're all that's on my mind
I wasted time, I know
Wish I could just rewind
While I was gone you left
Gone away for good
Least you could'a done was let me know
Guess I'm misunderstood
This time I waited too long
This time my feeling's too strong
Anticipated too long
There's only one thing I wantI wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me yeah
Fargo
I wanna get them draws from ya
Speedin' from the law for ya
We fuck like friends with benefits
