

Deal Wiv It

Mura Masa & slowthai

Oi right, all right, all right, all right Walking I walk to the shop I bop and take it steady
Fighting with my sisters in the house
She's on the couch, she don't move much
I've got tea in my hand
And I'm trying to do stuff
I woke up, I slept and woke up again (deal with it)
And this life didn't ever fucking change (deal with it)
I went to the pub and asked for a pint for three quid (deal with it)
He said "It's a fiver," well that's gentrification you prick (deal with it) Walking back through my
old estate
I see my mate sat in my mate's
And they don't wanna say "Safe"
They say "You've changed."
Fuckin' deal with it (deal with it)
One two three four
Deal with it
Deal, deal, deal, deal, deal, deal, deal with it
Fuck, deal with it
Deal, deal, deal, deal, deal, deal, deal with it
You're punishing yourself mate, deal with it One percent of my phone ain't getting me home
So I'm bopping, hey
No options in this life give me nothing
Every second you waste is second closer to the pearly gates (Ah that's deep innit, it's deep mate)
I woke up, I slept and woke up again (deal with it)
And this life didn't ever fucking change (deal with it)
People say I'm a nuisance, well what's the problem (deal with it)
People say they're busy well fuck off (deal with it)
Just fucking deal with it
Deal with it
So walking back through my old estate
I see my mates sat in my mate's
And they don't wanna say "Safe"
They say "You've changed"
Oh you've changed
Oh you've changed
Oh you've changed
Oh you've changed
Fuckin' deal with it One two three four
Deal with it
Deal, deal, deal, deal, deal, deal, deal with it
Deal, deal, deal, deal, deal, deal, deal with it
Fuck, deal with it

Deal, deal, deal, deal, deal, deal, deal with it
Deal, deal, deal, deal, deal, deal, deal with itLife gets hard but it's quite exciting
It's been a ride, it's your white light
They say I can't speak my mind
Or vent my frustration
Fucking deal with itOne two three four
Life gets hard but it's quite exciting
It's been a ride, it's your white light
They say I can't speak my mind
Or vent my frustration
I wouldn't change it for anythingSo walking back through my old estate
I see my mate sat in my mate's
And they don't wanna say "Safe"
They say "You've changed"Deal, deal, deal, deal, deal, deal, deal with it
Fuck, deal with it
Deal, deal, deal, deal, deal, deal, deal with it
