

Catch a Wave (feat. Joey Cool)

JL

Catch an catch a
Catch a wave
Catch a wave Wake up and get to it it's routine
Way up grooving and maneuvering
They are merking working a machine
(Like a machine)
Want it all and everything that's in between
Fuck you mean?
I was dreamin' of us ballin'
Magazines and bloggers talkin'
Women fiendin' goin' all in
Aquafina water fallin'
Agreein' with a Sam-ung TV screen is where you saw 'em
Do my thing growin' evolving
Like a ring we go no stalling
We wanna diss deep all in let's push em
Seamlessness we gotta be juggin'
Team in this bitch, she gotta keep lookin'
We want a bitch we got her she taken
If he ain't Benedict clean Arnold get puttin'
King tryin' to get, bring it on we hook em
We ain't never switched, he thought it'd be woofin'
Seem hella rich, we are, we cookin'
Hello honey
L-O-L
We gettin' money
Have 'em lookin' at us ugly
Like yo what the fuck is funny
Joe we got another one we have 'em spending on the sunday
Don't get nothing from me I am way too fucking hungry (ay)
Staking the pay, making a wave daily
Hatin' if they been away lately
Eight trips to the bank at a day maybe
Ay, when I strayed they made a one-eighty
Pray when I made they played greatly
Gone on a KK, hey baby
Head of us Kanye, J-Wavy Up and at 'em every day-ay-ay-ay
Stuck in my way-ay-ay-ays
Fuck what anybody say-ay-ay-ays
Niggas tryna catch a wa-a-a-a-ve
You just tryna catch a wave
Catch a wave, catch a wave

Catch a wave, catch a wave
Catch a wave, catch a wave
Catch a wave, catch a wave
Catch a wave, catch a wave
Up and at 'em every day-ay-ay-ay
Stuck in my way-ay-ay-ays
Fuck what anybody say-ay-ay-ays
Niggas tryna catch a wa-a-a-a-ve
Catch a wave We've been makin' moves all year
Different gang, there be gall here
I ain't even gotta say it bra
Niggas gnawing at us all gear
Bitches knowin' that it's all here
Turn it down bring the car here
Ridin' round Kan City, bomber
And eventually all gear, all year
Them boys caught a wave
This is something you oughtta play
This is something you oughtta pay for
Crossover, damn harder way
Aw nah nigga, we just doin' us
Fuck these niggas feign to do with us
This is elevated music
Top floor, but we movin' up
Crimes attic on a black hoodie
Crown city on a snapback
Stinkin' bad on a new glove
Why the hell they doin that
Tap man, it's Kansas City versus everybody
Introduce you to the new cats
Strange, we usually brought the goons in
So you're prolly gonna need a new tap
Uh, this is a different sound
Album is kickin' some knowledge
But this how I'm feelin' today
If you feelin the wave like I'm just bein' honest
We made it out of the maze
It's like we was stuck in a cage
The city gon' throw a parade
And now we just catchin' a wave (Gang) Hey!
(Gang) Hey! Hey! Up and at 'em every day-ay-ay-ay
Stuck in my way-ay-ay-ays
Fuck what anybody say-ay-ay-ays
Niggas tryna catch a wa-a-a-a-ve
You just tryna catch a wave
Catch a wave, catch a wave
Catch a wave, catch a wave
Catch a wave, catch a wave
Catch a wave, catch a wave

Catch a wave, catch a wave
Up and at 'em every day-ay-ay-ay
Stuck in my way-ay-ay-ays
Fuck what anybody say-ay-ay-ays
Niggas tryna catch a wa-a-a-a-ve
Catch a wave
