Ever Seen a Demon

wifisfuneral

[Chorus]
Aye
Tell me, baby, have you ever seen a demon? Got you screamin'
Cruisin' in that foreign, drippin' red like it's bleedin'
Spanish bitch up on me and she tatted like she Lita
Ride me like a Harley or your favorite two-seater
Drop my life up on the ground like, fuck it, I don't need it
Drop my life up on the ground like, fuck it, I don't need it
Tell me, baby, have you ever seen a fucking demon?
Uh, got you screamin'
Cruisin' in that rare
[Verse]
Okay, like spit, water, choke, bitch, my life right here a joke
Wake up, no confidence, obviously, you know me though
Feel the last tape was harder, why we out searchin' for Nirvana, uh?
Dyin' for conscious, stop it, what, you be in debt with no problem, mm
Stars in the sky, they alignin', yeah, my demons been my problems
Bitch, I'm eight Backwoods to the head, think we drown inside reality, agony
Had me different, begged to differ, hold up, like, diamonds can't make me smile
But, yeah, that young nigga still got that, still I tried, feelin' vibrant
I was passed by, now, fuck, I'm nauseous, got the weight of the world on my fuckin' back
That's a fact for problems and commas, bitch, I can't solve it, they get face fucked
Nail in the coffin, nigga, get off me 'cause I had enough, drown in my sorrow until tomorrow
[Chorus]
Aye, tell me, baby, have you ever seen a demon?
Got you screamin'
Cruisin' in that foreign, drippin' red like it's bleedin'
Spanish bitch up on me and she tatted like she Lita
Ride me like a Harley or your favorite two-seater
Drop my life up on the ground like, fuck it, I don't need it
Drop my life up on the ground like, fuck it, I don't need it
Tell me, baby, have you ever seen a fucking demon?
Uh, got you screamin'
