Silver Bullet

Hawthorne Heights

Tonight, we'll fly away so high
Our first full moon skyI'll breathe you in
I won't let you down
I won't hold you back
I won't make a sound
I know what scares you the mostBeing alone or just like them
Being alive while feeling so, dead
At least you'll have my heartYou know, you shine so bright
I got a single silver bullet
Shot right through my heart
To prove I can survive
Without you
I got a single silver bullet
Shot right through my heart
To prove I can surviveCan you sleep at night
If I hold you tight?
I won't let you go
This feels so rightPlease don't leave this timeAt least you'll have my heart
You know, you shine so brightI got a single silver bullet
Shot right through my heart
To prove I can survive
Without youI got a single silver bullet
Shot right through my heart
To prove I can survive
Without you
Tonight, we'll fly away so high
Tonight, we'll fly away
You know the moon is full and
I can't live without youTonight, we'll fly away
Tonight, tonight
Tonight, we'll fly away
TonightI got a single silver bullet
Shot right through my heart
To prove I can survive
Without youI got a single silver bullet
Shot right through my heart
To prove I can survive
Without you
