Ride With Me

Thutmose

What you want
Oh yeah
What you need
Bad BoyI got what you want, what you need
You know I'm on my way
Baby, come ride with me
This is not a drill, I gotta keep it real
You could get what you want
Long as you ride with me (Ride)
Ride with me (Come ride)
Baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby, come ride with me (Ride)
Come ride with me (Come ride)
Baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby, come ride with me
I live a wild life, don't judge me
Smoking hella joints in the lobby
Walk in the room then leave with the girls
It ain't my fault they wanna fuck me (Ha)
I ain't the same guy when I was 14 (Yeah)
I was trying out for the ball team (Oh)
High school crush was ignoring me (Ah)
Oh yeah, now she wants me (Yee)
'Cause now I'm on the road
Shorties at my shows saying I'm about to blow
I'ma talk shit I 'cause ain't finished yet (Yeah)
Truth be told, yeah, I been the man (Oh)
You still gon' love me when it hits the fan? (Huh?)
Are you? Oh, really now?
Aight man, let's get it then
I got what you want, what you need
You know I'm on my way
Baby, come ride with me
This is not a drill, I gotta keep it real
You could get what you want
Long as you ride with me (Ride)
Ride with me (Come ride)
Baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby, come ride with me (Ride)

Come ride with me (Come ride)
Baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby, come ride with meYou know I gotta give 'em what they ask for (Yeah)
Like 2Pac spitting at the tabloids
I'm Will Smith hanging with the bad boys
Get the bag, mask on then we blast off (Yee)
Where I'm from, they never had much (Uh)
Waters and crackers when they had lunch
Everyone quick to throw a damn punch
No fucks given like five nuns (Yah)
Still a got heart of gold, so don't let me go
'Cause I'm here for you, whoa
Akon flow like it's '06
Told my whole fam, please don't trip (Don't)
Goddamn, Thutmose at it again
I'm a dog, but I'm no bitch
I got what you want, what you need
You know I'm on my way
Baby, come ride with me
This is not a drill, I gotta keep it real
You could get what you want
Long as you ride with me (Ride)
Ride with me (Come ride)
Baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby, come ride with me (Ride)
Come ride with me (Come ride)
Baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby, come ride with me
(Ride)
I got what you want, what you need
You know I'm on my way
Baby, come ride with me
(Ride)
This is not a drill, I gotta keep it real
You could get what you want
Long as you ride with me
(Ride)
Ride with me, (Come ride)
baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby, come ride with me
(Ride)
Come ride with me (Come ride)
Baby, come ride with me (Come ride)
Ride with me (yeah, yeah)
Baby come ride with me
