Wasted

Peking Duk

[Verse 1]
I wake up drunk again
The famous [?] again
I can't stop thinking 'bout your
Oh it is everything
It gets harder to love
When you call late at night
And I got to pretend
That you're not on my mind
Let me give you a sign
I want this pain to end
[Chorus]
I keep dreaming
I wanna get naked with you
I keep drinking
But I wanna get wasted on you
I keep dreaming
I wanna get naked with you
I keep drinking
But I wanna get wasted on you[Verse 2]
I need some easy lovin'
No I don't need a friend
You're always looking at me
I wanna move ahead
After all that I give
You won't just let me in
What am I doing here?
'Cause you see what I've done
I thought I'd be the one who's dancing in your bed
[Chorus]
I keep dreaming
I wanna get naked with you
I keep drinking
But I wanna get wasted on you
I keep dreaming
I wanna get naked with you
I keep drinking
But I wanna get wasted on you
I keep dreaming
I wanna get naked with you
I keep drinking
But I wanna get wasted on you

I keep dreaming
I wanna get naked with you
I keep drinking
But I wanna get wasted on you
