In Your Arms

Kina Grannis

Hush Now, Let's Go Quiet To The Park
Where it first started
Cold NIght, Us Lying In The Dark
I Felt My Heart Was Trying
To Find A Place For You To Stay
A Place Where I'd Feel SafeAnything we have known
Anything We've Forgotten
In The Rain, In The Dark We'll Lay
In Your Arms, In Your Arms I'll StayAnything we have known
Anything We've Forgotten
In The Rain, In The Dark We'll Lay
In Your Arms, In Your Arms I'll Stay
Take My Hand, Let's Go Into The Trees
Behind The Branches, Falling On Our Knees
I Remember Feeling Like This
Part Of Us Would Never Change
Anything we have known
Anything We've Forgotten
In The Rain, In The Dark We'll LayIn Your Arms, In Your Arms I'll StayAnything we have known
Anything We've Forgotten
In The Rain, In The Dark We'll Lay
In Your Arms, In Your Arms I'll StayFollow Me
We Both Now The Way
It's Always Been The Same
Anything we have known
Anything We've Forgotten
In The Rain, In The Dark We'll Lay
In Your Arms, In Your Arms I'll StayAnything we have known
Anything We've Forgotten
In The Rain, In The Dark We'll Lay
In Your Arms, In Your Arms I'll StayIn Your Arms I'll Stay
In Your Arms I'll Stay
In Your Arms I'll Stay
In Your Arms I'll Stay
