Breathe (feat. Rob Swire)

Eric Prydz

Sun's always falling
Weightless and free
Now when you close your eyes
Just breathe, breathe with meLet go
Release
Let go of the way you're feeling
Release, over and under till you return to meThe sky's always falling
Weight underneath
And when you close your eyes
Just breathe, breathe with me
Let go
Release
Let go of the way you're feeling
Release, over and under till you return to meLet go of the way you're feeling
Release of the way you are
Let go of the way you're feeling
Release, over and under till you return to me
Let go
Release
Let go
Release
