The Day and the Time (feat. Gustavo Cerati)

Shakira

(feat. Gustavo Cerati)Who's to say that we always have to agree
I think we can both can take this one mistake
Like some kind of amnestyWhy to love and with such brutality?
We're compatible
Maybe a bit too much
That's our ambiguityI've cried a thousand storms
I've blown away the clouds
The heartbeat of the sun is racing mine
I'm reaching out
My heart is waiting
This is the day and the time
I wanna believe that we may still have a chance
We took a leap in the dark
And I can see now
How shadows have turned to lightWell, we know
How ephemeral are things
Disillusion takes what illusion gives
What's the use of make believe?The needles of the clock
Are moving right to left
Pretend we never heard of things we said
Like we've been dead
And start all over
This is the day and the time
I wanna believe that we may still have a chance
We took a leap in the dark
And I can see now
How shadows have turned to lightAh...The heartbeat of the sun is racing mine
I'm missing outAh...This is the day and the time
I wanna believe that we may still have a chance
We took a leap in the dark
And I can see now
How shadows have turned to lightAhhh...The timeAhhh...
Oooh...Ahhh...
Oh, oh
Oooooh...
