Precious Love

James Morrison

I was so lost, didnt know what to do with myself
I was my own worst enemy
I was lost and know I needed helpThen you came along and saw the state I was in
You picked me up, when I was down
Showed me how to live againI say thank you for pulling me through
Im a lucky man
I didnt know what life was but now I understandThis is precious love, precious love
No, I cant let it go
This is precious love and its teaching me
Everything I need to know
This is precious love, oh its precious love
No, I cant get enough
Oh, Im down on my knees, begging you please
Give me some more of that stuffOh, its love, love, love, love, love, precious love
Oh, its love, love, love, love, love, precious loveOh, I got so distracted by people all around
Whispering sweet nothings
Filling my head with doubtSo I gave up, it didnt take long
For me to see the one thing that I was missing
Was standing in front of meI took you for granted, thought the grass
Was greener on the other side
I was wrong and its taken so long for me to finally realize
This is precious love, precious love
No, I cant let it go
This is precious love and its teaching me
Everything I need to knowOh this precious love, oh its precious love
No, I cant get enough
Oh, Im down on my knees, begging you please
To give me some more of that stuffI say a prayer and send it to you
That my heart will always be true
Life wont be the same without youSo I say thank you
Im a lucky man
I didnt know what life was but now I, now I understand
Understand, understandOh, this is love, love, love, love, precious love
This is precious love and its teaching me to be a better manThis is precious love, precious love
No, I cant get enough
Oh, Im down of my knees
Its there that I see, it must be from heaven aboveYeah, its is love, love, love, love, precious love
Its is love, love, love, love, precious love
Love, love, love, give me love, give me love
Love, love, love, love, precious loveSONGWRITERS
