Never Be Your Woman (feat. Wiley & Emeli Sandé)

Naughty Boy

Well I guess what they say is true
I could never be the right kind of girl for you
I could never be your woman
I could never be your woman
I could never be your woman
Well I guess what they say is true
I could never be the right kind of girl for you
I could never be your woman
I could never be your woman
I could never be your woman
Yo, out every night
I'm in the spotlight
With another girl knowing that it's not right
Ain't gonna work, stop trying
Had enough this time, not Lying
Though you're feeling the pain
But you're not crying
Can't take me
I'm on another page
Were the babes wanna take me home
I was out all night didn't make it home
That's More lame
Pull up in the Aston
Get out the car
Quick jump the cue, no hiding
Letting everybody no I got cash
Shower burp when dining
8 diamond rings there all shining
Bare designers plus I'm designing
Block everybody out when I'm writing
I'm on a hype thing
Well I guess what they say is true
I could never be the right kind of girl for you
I could never be your woman
I could never be your woman
I could never be your woman
Well I guess what they say is true
I could never be the right kind of girl for you
I could never be your woman
I could never be your woman

I could never be your woman
I could never be your womanLeave the country, no warning
Club swimming women swarming
See a new ting get talking
Get acquainted start walking
That's when I start promising the world
Even though I got a women at home
It's past talking
I don't wanna get past talking
I got a yard but let's go to your crib
Air freshener, wild orchid
What would he get, if she caught him
He would get a punch in the face like Norbit
Turn around ignore him
Look away like you never sore him
To hold me down might be awkward
Sighted with another women in shortage
My house, I pay the mortgageWell I guess what they say is true
I could never be the right kind of girl for you
I could never be your woman
I could never be your woman
I could never be your woman
Well I guess what they say is true
I could never be the right kind of girl for you
I could never be your woman
I could never be your woman
I could never be your woman
