Koop Island Blues

Koop

Hello, my love
It's getting cold on this island
I'm sad alone
I'm so sad on my ownThe truth is
We were much too young
Now I'm looking for youOr anyone like you
We said goodbye
With the smile on our faces
Now you're alone
You're so sad on your own
The truth is
We ran out of time
Now you are looking for me
Or anyone like me
Hello, my love
It's getting cold on this island
I'm sad alone
I'm so sad on my own
The truth is
We were much too young
Now I'm looking for you
Or anyone like you
