Who's Loving My Baby

Shola Ama

Who's loving my baby
And taking care of you
I need to know right now
Do You still care for me
Who's loving my baby
And taking care of you
I need to know right now
Do you still care for me
I may be young but I was ready
To fall in love with you once again
You tore my heart apart
Right from the very start
I didn't know what to do, baby
Gave you my heart, my soul, my time
But I guess
It wasn't good enough for you
I just don't understand how I could lose my man
Somebody tell me
All I wanna know is, baby -
(*Repeat with ad lib)
You left me
Standing in the failing rain, baby
Now in my heart there's an empty space
And I never knew that
This love could hurt this way
I sit at home staring at your photo
And all I do is break down and cry
Still I can't understand
How I could lose my man
I never know love like this
No, no, no, no
(* Repeat with ad lib)
Where do we go from here
(Where do we go from here)
I must wipe away my tears
'Cause no more tears
My eyes will cry for you
Where do we go from here
(Where do we go from here)
I must wipe away my tears
No more tears
My eyes will cry for you, no

(* Repeat and fade with following)
Who's loving my baby
I need to know, I got to know
I need to know right now, baby
Do you still care, yeah
What am I gonna do
I need to know right now
I got to know right now
