Never

Binocular

So just go, go away
'cause I never wanna know
So just run, run away
But the shadows take your placeIt's a long and lonely road
If you take it, take it home
I knew the time was near
But you had me, had me wrongAnd if you say that you were mine
Then I believe that's a crime
And if you live by candlelight
Then the faded
Then the faded mem'ry lines
They go away
'cause I never wanna know
So just run, run away
But the shadows take your placeNo lies could shelter you
But you hide them, hide them well
But morning comes too soon
And it's too late, too late to tellAnd if you say that you believed
Then the memories they deceive
And if today you spread your wings
And the feelings, and the feelingsNever change, they go away
Like the leaves, you'll get stripped away
So just run, run away
But the shadows still remain
They still remain
That day we hid behind our words until we lied
That day we promised that we'd never turn away
That day we slipped into the night not to be seen
That day when I opened up my eyesSo just go, go away
'cause I never wanna know
So just run, run away
But the shadows take your placeSo just fall, fall away
Like the leaves you'll get stripped away
So just run, run away
'cause you will never, you will never see my face
