Somebody's Party

Erik Hassle

You said "We'd always be together, come with me."
Now I feel like the others
Never fade away
Fireworks in the sky
Every single time you smile, at me
Can it all be so simple
Forever was yesterdaySo if you have to ask you'll never know what you mean to me
It's so plain to see babe
So if you have to ask you'll never know what it means to be real
You rather be somebody's party
Trying to kill your loneliness
I'm learning the hard way
Trying to find me only friend
Now you're talking to me like a stranger
"Hey how you been?"
It's like you fuckin' can't remember, remember anything
Fireworks in the sky
Every single time you smile, baby
Why can't it all be so simple?
Forever is yesterdaySo if you have to ask you'll never know what you mean to me
It's so plain to see babe
So if you have to ask you'll never know what it means to be real
You rather be somebody's party
Trying to kill your loneliness
I'm learning the hard way
Trying to find me only friendGetting too tired to keep fighting
That's how you want it but keep trying
Getting too tired to keep fighting
That's how it is
So if you have to ask you'll never know what you mean to me
It's so plain to see babe
So if you have to ask you'll never know what it means to be real
You rather be somebody's party
Trying to kill your loneliness
I'm learning the hard way
Trying to find me only friend
(Dont Go that way, no dont go that way.)
