

Husavik

Will Ferrell & My Marianne

[Verse 1: Molly Sandén]

All by myself

With this great big world before me

But it's all for someone else

I've tried?and?tried again

To let?you know just where my heart?is

To tell the truth and not pretend

All I needed was to get away

Just to realize that I was meant to stay[Chorus 1: Molly Sandén]

Where the mountains sing through the screams of seagulls

Where the whales can live 'cause they're gentle people

In my hometown, my hometown

Thought I made it clear, do I have to sing it?

It was always there, we just didn't see it

All I need is you and me and my home

[Post-Chorus: Molly Sandén]

Vera með þér, með þér

Í Húsavík við [?]

Í heima [?][Verse 2: Molly Sandén, Will Ferrell]

You want the world (Want the world)

All the neon lights and billboards

To be seen and to be heard (Heard)

And I followed you (Oh-ooh)

But now I know what makes me happy

And I can tell you feel it too

[Chorus 2: Molly Sandén]

Where the mountains sing through the screams of seagulls

Where the whales can live 'cause they're gentle people

In my hometown, my hometown

Where the northern lights burst out in colors

And the magic nights surpass all others

Pað eina sem ég þrái að

[Post-Chorus]

Vera með þér, með þér

Í Húsavík við [?]

My home, my hometown
