Boom Blast

Wiley

Boom blast!
rave in the dance till the dance is done ladies
playing with my heart like wow
got a boom heart in my chest but how
when i flow cold north pole not south
hello! boodoodoodaddadadaa boodoodoodoo pow
peace love in my heart it's been a while now
here's three words hold it down
so right now I am gonna hold down down
dddown down down down down ddddown down
the whole crowd is gonna singing aloud when I'm around
the fans of a dollar a euro or a pound
its all sound checking my new garms all grey like a hound
I live in a small town
got a place in the city when roll through
And I wanna roll through now
I give you that feeling
Make you wanna rave it out and touch that ceiling
We got four hours to go and no you are not dreaming
rave till the partys done coz That's what we believe in
If we give you the feeling
That makes you wanna go and touch the ceiling
Let's get down
Let's get down
If we give you the feeling
That makes you wanna go and touch the ceiling
then Let's get down
then Let's get downDown...
