

No Don (Remix) [feat. Chip & Not3s]

Lotto Boyzz

Everybody wanna swing my way
'Cos they heard I got a banger
I used to call up Lexi, Alisha and Paige
And they never used to answer
And now they wanna roll with a squad like mine
And now they wanna phone up my main line Everybody wanna swing my way
'Cos they heard I got a banger
I used to call up Lexi, Alisha and Paige
And they never used to answer
And now they wanna roll with a squad like mine
Oh follow nah nah nah
And now they wanna phone up my main line
Oh follow nah nah nah You ain't making money like we
No don, no don, no don, no don, no don
You ain't making money like we
No don, no don, no don, no don, no don
You ain't making money like we
No don, no don, no don, no don, no don
You ain't making money like we
You ain't making money like we
No don, no don
Ring, ring just tell 'em keep calling
Money affi make, man these gyal are getting boring
Just getting started, all these pussies started stalling
Yeah, we came up from the dust and now my niggas steady ballin'
I ain't really one for talkin', I ain't really one for games
So be careful when you mentioning the name
Don't get it twisted, I'm still saying money over fame
Always moving like the summer, trust me I can make it rain
So let it rain, let it pour
All my niggas looking icy when we step through the door
Oh, you came here with your missus? what she hollerin' for?
Now I'm leaving with her digits, Is she really yours?
Is she really bae? Do you call her wife?
Something frosty on the wrist for when I'm checking the time
Yeah we did a lot of grindin', all before we started shinin'
All the flows and perfect timing
Has got everybody screaming Lotto
Everybody wanna swing my way (that's gang)
'Cos they heard I got a banger
I used to call up Lexi, Alisha and Paige
But they never used to answer (nah they never used to answer)

And now they wanna roll with a squad like mine
 Oh follow nah nah nah
 And now they wanna phone up my main line
 Oh follow nah nah nah You ain't making money like we
 No don, no don, no don, no don, no don
 You ain't making money like we
 No don, no don, no don, no don, no don
 You ain't making money like we
 No don, no don, no don, no don, no don
 You ain't making money like we
 You ain't making money like PUNANI And I spend all this money on designer
