Criticize

Alexander O'Neal

Ooh-ooh
(You don't realise)
(I just want what is right)
(Still the same)(Criticise)can't you find something not to talk aboutIs this only when you singMakes you look better when you put things down
Value your opinion
Don't criticise my friends
Criticise my ideas
Don't crticise my lifestyle
I'm fed up cos all you wanna do is criticise
(Don't just close your mind)
Ooh-ooh
(You don't realise)
(I just want what is right)(Still the same)
(Criticise)
Now can't we talk this over
Cos your conversation aint right
We can make our love stronger
You don't have to think twiceDon't criticise my friends
Criticise my ideasDon't criticise my lifestyleI'm fed up cos all you wanna do is criticise
(Don't just close your mind)
Ooh-ooh
Criticise
(You don't realise)
All you wanna do is criticise
(I just want what is right)
(Still the same)
Criticise
(Don't just close your mind)
All you wanna do is criticise
Ooh-ooh
Criticise
(You don't realise)
All you wanna do is criticise
(I just want what is right)
(Still the same)
(Criticise)
Criticise
(Don't just close your mind)
All you wanna do is criticise
Ooh-ooh
Criticise

(You don't realise)
All you wanna do is criticise
(I just want what is right)
(Still the same)
Criticise
(Don't just close your mind)
All you wanna do is criticise
Ooh-ooh
Criticise
(You don't realise)
All you wanna do is criticise
(I just want what is right)
(Don't just close your mind)
Gotta be your man
Can't stop me baby
