Blame (NGHTMRE Remix)

Ekali & ZHU

You say that I'm not the reason
The reason for you to stay (to stay)
Sometimes you got to believe in
Believe I'm not causing shame
Never thought I'd hear you say
I'll be the push when you need your space
Every time I hear your name
Breathe in, come sing, we change our namesI'm the reason for your pain
I'm the one who should be blamed
I detect up all these gamesYou say that I'm not the reason
The reason for you to stay (to stay)
Sometimes you got to believe in
Believe I'm not causing shame
I'm the reason for your pain
I'm the one who should be blamed
I'm the reason for your pain
I detect up all these games
