The Going Price For Home

The Prize Fighter Inferno

And I've paid
The price of solitude
With wish to worry
While you're away
With all grace
To allow my hand
The travel and worth
Here across your faceI love you more than you could know
Here in those eyes you hide it well
I think you do
I love you more than you could know
Here in those eyes you hide it well
I think you do
And I turn
The wheels that round the ground
Across the never
Here against the grave
Now I've lost
The only thing that matters to my life
Is now the dreamI love you more than you could know
Here in those eyes you hide it well
I think you do
I love you more than you could know
Here in those eyes you hide it well
I think you do
Here I go
I'm on my way home now
To you
And it hurts to hear you feel
