You Should Do It

Peter Brown

With Betty WrightYou should do it right
Each and every night
If you're gonna do it
You should do it rightYou should do it good
Like you know you should
If you're gonna do it
You should do it goodI feel the beat, it moves my feet
It makes me wanna fly
So if it's right
I'll stay all night
I'll never say goodbye
Da da da da... You should do it slow
Only way to go
If you're gonna do it
You should do it slowYou should do it nice
(You got to do it nice)
Just take my advice
If you're gonna do it
You should do it niceYou should do it slow
(Come on) only way to go
(Yeah, yeah, yeah)
If you're gonna do it
You should do it slow
You should do it nice
(You got to do it nice)
Just take my advice
If you're gonna do it
You should do it nice
