

Overnight

Parcels

Go back I want
So bad to hold you back
It's all offset and on
Foreign be gone
I was dead is I want to get
The reason for no one over now The minute I was thinking to hold you back
The moment I was wishing it's over night
The minute I was thinking to hold you back
The moment I was wishing it's over night
The minute I was thinking to hold you back
The moment I was wishing it's over night
The minute I was thinking to hold you back
The moment I was wishing it's over night Slow down, never
I know now, I know better
I need it more than ever
Go back, hotter
Hold down, I found on the track
It's all offset and I'm over now
The minute I was thinking to hold you back
The moment I was wishing it's over night
The minute I was thinking to hold you back
The moment I was wishing it's over night
The minute I was thinking to hold you back
The moment I was wishing it's over night
The minute I was thinking to hold you back
The moment I was wishing it's over night
It's over night
The minute I was thinking to hold you back
The moment I was wishing
The minute I was thinking to hold you back
The moment I was wishing it's over night
