Fire Without a Flame

NONONO

Gonna start a fire without a flame
Gonna use my heart, my mind, my brain
Gonna dance on top of a mountain (?)
And you can bring your friends and do the same(Pre-)
We have an option now, can't choose to put it out
Can put it up and I know to die(?)()
Cause I still believe in a world of calling
I still hear the beat in my heart calling back
Go put it out x4
()
Gonna start a fire without a flame
Gonna choose the best, I'm not the same
Gonna dance on top of a mountain (?)
Are you gon' bring your friends and do the same?(Pre-)
We have an option now, can't choose to put it out
Can put it up and I know to die(?)()
Cause I still believe in a world of calling
I still hear the beat in my heart calling back
Go put it out x4(Interlude x3)
Gonna start a fire without x2
Gonna start a fire without a flame
()
Cause I still believe in a world of calling
I still hear the beat in my heart calling back
Go put it out x4
