Someone to Watch over Me

Kristin Chenoweth

There's a saying old says that love is blind
Still we often told seek and yee shall find
So im going to seek a certian lad i have in mind
Looking everywhere havent found him yet
He's the big affair i cannot forget only man i ever think of with regret
I like to add his innitial to my monogram
Tell me where is the shepard for this lost land
There a somebody im longing to see
I hope that he turns out to be someone to watch over me
Like a little lamb who lost in the woods
I know i could always be good
To won who would watch over me
Although he may not be the man some girl think of as handsome
To my heart he carries the key
Wont you tell him please to put on some speed
Follow my lead oh how all i need
Someone to watch over me
Someone to watch over me
