Where Will You Go

Babyface

We started out as simple friends
that kinda friendship never ends, no baby.
But we were fortunate to care enough,
we knew just where we stood.
But soon as love appeared,
you turned away.
And you were so unsure and so afraid
of feeling what i was feeling.
You were scared that love would
blow your heart away.
And you were certain that in time my love
would stray... so
Where, where will you go?
and who, who's gonna love you like i do?
Where, where will you go?
and who's gonna love you like it do?What kinda friends could we have been, yea,
if we had kept the feelings in?
When we had made a vow to be the friends
we were since we begin.
But soon as love appeared,
you turned away.
And you were so unsure and so afraid,
of feeling what i was feeling.
You were scared that love
would blow your heart away.
And you were certain that in time our love...
you were thinking that our love was gonna stray now tell me where...
(chorus)
where will you go and
tell me who?
who's gonna love you baby, the way
that i did now baby where.
where will you go, where will you go
and tell me who is gonna love, i wanna know
who is gonna love you tell me who's gonna love,
who's gonna love who, who, who.
(fades til end)
