Cruel

Jessie Ware

If I told you what you said before
would you be
just as certain
what's going on?
Cos actions
(actions)
Speak louder than the words you sowed
(and you ought to know)
I've been wonderin'
Why I'm holdin', still holding onDo us both a favour
(tonight)
If you wanna do the real thing
(make it right)
You need to make your mind up
(just try)
Do you feel me reach the end of the line?
Never knew our love could be so cruel
(be so cruel, be so cruel to me)
It's not just what you say, it's what you do
(what you do, what you do to me)Never knew our love could be so cruel
(be so cruel, be so cruel to me)
It's not just what you say, it's what you do
(what you do, what you do to me)Your actions
(actions)
They speak louder than the words you sowed
(and you ought to know)
Have you been wonderin'
Why I'm holdin', still holding on?
Do us both a favour
(tonight)
If you wanna do the real thing
(make it right)
You need to make your mind up
(just try)
Do you feel me reach the end of the line?Never knew our love could be so cruel
(be so cruel, be so cruel to me)
It's not just what you say, it's what you do
(what you do, what you do to me)Never knew our love could be so cruel
(be so cruel, be so cruel to me)
It's not just what you say, it's what you do
(what you do, what you do to me)(oooh-oooh-oooh)
(oooh-oooh-oooh)

You're so cruel to me
(oooh-oooh-oooh)
You're so cruel to me
(oooh-oooh-oooh)
