A Christmas Love Song

Manhattan Transfer

All I want for Christmas is you
You're the gift that's made my dreams all come true -
All I need for Christmas is here
Finding every sweet surprise
Wrapped up in your eyes
Waiting there for me
Underneath the treeWe'll spend the day
Exchanging kisses
Smile and say "What a Christmas this is"Long before the snowflakes appear
Without bells and mistletoe
or the tinsel's silver glow
You just look at me and oh - Christmas is here
Long before the snowflakes appear
Without bells and mistletoe
or the tinsel's silver glow
You just look at me and oh - Christmas is here
