Put It Down (feat. Anderson .Paak & KRNE)

TOKiMONSTA

Look how the people gather 'round
When you finally came up
Boy, you came up
Put it down for 'em
You make the city so proud of you
Boy, you came up, boy, you came up
Put it down for 'emFor anybody whoever doubted you
They gotta pay up, gotta pay up
Put it down for 'em
Still with your Day Ones
Still can't forget where you came from, where you came from
Put it down for 'em
Boy, you came up
Boy, you came up
Put it down for 'em
Boy, you came up
Boy, you came upLook how the people gather 'round
When you finally came up
Boy, you came up
Put it down for 'em
You make the city so proud of you, boy
You came up, boy, you came up
Put it down for 'em

Both hands on the wheel now
Working like we're still
Oh, from the sign to a dream
From the dream to the real life
Oh, [?] here
