We'll Do It All Again

Bleu

I was totally cool with the way things were going
Wasn't movin' to fast but my speed wasn't slowin'
Ducks in a row nice and easyI was fine with the fact that my heart wasn't showin'
I was figuring half of the battle was knowin'
That we can go down nice and easyBut then you let me in your house
And threw me on your yellow couch
You grabbed my head and then you made me wonder when
We'll do it all again, we'll do it all again
Stumble and fall, then do it all againWe were doing okay when we lived in the moment
But a moment is only as long as ya hold it
And when we let go, nothin' was easyYa kicked me out and took me back
Ya took me out and kicked me back
I broke our favorite record but it never endsWe'll do it all again, we'll do it all again
Stumble and fall, then do it all againBut then you let me in your house
And threw me on your yellow couch
Ya grabbed my head and then ya made me wonder when
We'll do it all again, we'll do it all again
Stumble and fall, then do it allWe'll do it all again, we'll do it all again
Stumble and fall, then do it all again
