

Inside of Me

Dead By Sunrise

I feel my time is slipping away
(Every minute gone by seems like a day)
I'll never get back the things I lost along the way What the hell is wrong with me?
This isn't who I m supposed to be (Whoa)
I feel more alone every day (Whoa)
And just so far away (Whoa)
I know something's got to change (Whoa) Inside of me
What is it that I'm running from?
(My head is like a loaded gun) Every thought is trapped inside this web I've spun
What the hell is wrong with me?
This isn't who I m supposed to be
(Whoa)
I feel more alone every day (Whoa)
And just so far away (Whoa)
I know something's got to change (Whoa)
Inside of me
(Whoa)
I feel more alone every day (Whoa)
And just so far away (Whoa)
I know something's got to change (Whoa)
Inside of me
Me
