Gucci Mane

It's some shooters in this house, it's some shooters in this house  
It's a whole bunch, a whole bunch of shooters in this house  
It's some shooters in this house, it's some shooters in this house  
If you wanna go to war, fuck it, nigga let's shoot it out  
Walk up from my spot, see I don't have a seat  
I just been there, 5 shoot outs last week  
He bought the run division, plus he moving in the kitchen  
Nobody make a move nigga when Scooter handling bizness  
Reaching in his pocket, Gucci slap him with the pistol  
Get your bitch ass down nigga, motherfucking move nigga  
Hood rich! Break up to your sister, I'm a sunder in the runner  
I don't give a damn about it, but I make niggas with the tunner  
I got money in the jungle, tryina pop a kish kush  
Me and Scooter ain't twins but we got twin choppers  
I Waka Flocka Flame a nigga hit em with the yapa  
I'm a street nigga, never be a partner to a copper  
What the fuck going on nigga?  
Who the fuck let these police ass nigga in?  
I don't know  
Fuck at the spot nigga Snitching ass niggas got caught with a brick  
Same day call my phone for 30 seats

Fuck the police that's why I rep about them bricks  
I ain't did it nigga, but these bricks get remix  
When the choppa start spitting, nigga gonn get split

Ever since the day, them niggas trying me since  
Bow down bruh  
Tell my nigga Raj here in '96

You still gotta pay...  
Nigga owed me a brick, that was 3 years ago  
Seen him in the club, niggas shot him in the throat  
Black amigo Scooter still rob me gold  
And I still got a lot of shooters on the pay roll

You got a shooter?  
Aye man what?  
Get it down by that fresh man, you're sitting by the counter?  
I need 'em bruh  
Yea, let 'em in

Aye, open the door nigga I need 50 of them pretty mills, this nigga at the store  
He waiting right now, Gucci is it a go?  
I hope it is, cause if it is, my shooters, they on go  
Shooter on the Scooter, brain them both  
He runnin right right now, she just came from way up the road  
10 millimeter with 30 shots, make your fuckin head explode I got a traphouse mansion with  
some hard wood floors  
Can't come in, I got burglar bar doors  
Trap going crazy, but I got it under control  
I just bust them open, fix em up and move them out the door  
Hoodest nigga in this building, man get Scooter on the phone  
I'm like a NBA coach, cause I keep shooters at my home  
All I know I never seen his face in my life  
Street smart so I know this nigga ain't right  
Pull up at my spot, country car hit your lights  
Before you hit the door, you get robbed on sight It's some shooters in this house, it's some  
shooters in this house  
It's a whole bunch, a whole bunch of shooters in this house  
It's some shooters in this house, it's some shooters in this house  
If you wanna go to war, fuck it, nigga let's shoot it out It's some shooters in this house, it's some  
shooters in this house  
It's a whole bunch, a whole bunch of shooters in this house  
It's some shooters in this house, it's some shooters in this house  
If you wanna go to war, fuck it, nigga let's shoot it out
