

When the War Is Over (feat. Jena Gogo)

The Next Step

So this is how it ends
No world left to avenge
All the talk of fire and brimstone's gone
And now we make amends
And all the talk of worlds we have to conquer
We will fight again
When the war is over
don't take enemies
don't take enemies for friends
when the war is over
when the war is over
when the war is over
when the war is over
when the war is over
when the war is over
when the war is over
So this is how we ends
put your weapons down
and make amends
Spent all we could spend
but don't play nice for too long
The war will begin again
when the war is over
when the war is over
when the war is over
when the war is over
when the war is over
when the war is over
when the war's...
