Run, Gunner Recall, Run! The Town Wants You Dead!

The Prize Fighter Inferno

I'll tell them all the truth
For no secret lies this time
Once upon a world way before your loss
So look out, I fear
That they follow near
And in the courthouse
Kevin sentenced rope to neck
They don't hear
The serpent that burns your ear
So baby, look out
Leaving well enough alone
Is no choice of yours to make
Guilty says the proof
This town has no room for you
So look out, I fear
That they follow near
For from the gallows you'll swing
For all the kids to see
They don't hear the serpent
That burns your ear
Or the coward that sits
Alone in your head with it
So baby, look outThey don't hear the serpent
That burns your ear
Or the coward that sits
Alone in your head with it
So baby, look out
'Cause I'm so sorry
That you could ever
I'm so sorry
For you
You'll never
Love again
