Right There (feat. Big Sean)

Ariana Grande

If you wanna party, if you, if you wanna party)
Then put your hands up (put your hands up)
(If you wanna party, if, if, if you wanna party)
Then put your hands up (put your hands up)
You got it, you got it babe
You got it, you got it babe
You got it, you got it babe
You got it, you got it babeSean Don!
Okay, this, this, this
For my number one girl
Who got the top spot title
Spent an hour in the bathroom
Walked out looking like a model
God! Doing what you do
Got me right there with Apollo
On the moon (moon)
Who needs genies in a bottle girl
If they already got you
(Got you, I got you)
Boy you make me feel so lucky
Finally the stars align
Never has it been so easy
To be in love and to give you
This heart of mineYou know what I need (aye)
I know what you like, (aye)
Put it all together baby
We could be alright (hey)
How could this be wrong
When it feels so right
Yeah, I really love you
I really love you
And I'll never let you go...
You should know
I'm never gonna change
I'm always gonna stay
You call for me
I'm right there (right there)
Right there (right there)Cause you listen and you care
You're so different
No one compares
And if you never change
I'm gonna stay right there

I'll always be right thereYou got it, you got it babe
You got it, you got it babeI get butterflies, just thinking
About you boy you're on my mind
Sometimes I catch myself daydreaming
Lost in your eyes and I lose all track of timeYou know what I need (aye)
I know what you like, (aye)
Put it all together baby
We could be alright (hey)
How could this be wrong
When it feels so right
Yeah I really need you
I really love you
And I'll never let you go...You should know
I'm never gonna change
I'm always gonna stay
You call for me
I'm right there (right there)
Right there (right there)Cause you listen and you care
It's so different
No one compares
And if you never change
I'm gonna stay right there
I'll always be right there(What okay what)
Now if all fell through
Would you catch me before the pavement (what)
If my Benz turned back to public transportation
Would you still be at home for me with the candles waiting (what)
And get my mind back adjacent the place of a young visionary
A player too
You know I have some girls missionary (oh)
My black book
And numbers thicker than the dictionary
And Bible I got it recycled
I love and I like you
Five course meals even though you don't mind a drive-thru
That's why I got youAnd I'll never let you go... (I got you)You should know
I'm never gonna change (I'm never gonna change)
I'm always gonna stay (I'm always gonna stay)
When you call for me
I'm right there (right there)
Right thereCause you listen and you care
You're so different
No one compares
And if you never change
I'm gonna stay right there
I'll always be right there
(If you wanna party, if you, if you wanna party)
You got it, I'll always be right there
(If you wanna party, if if if you wanna party)

I'll always be right there
You got it, you got it babe
You got it, you got it babe
You got it, you got it babe
You got it, you got it babe
Got it babe.
